Vol. 43 No. 1

15 January 1993

Expansion of host-plant range of a biocontrol agent <i>Trichilogaster acaciaelongifoliae</i> (Pteromalidae) released against the weed <i>Acacia longifolia</i> in South Africa G.B. Dennill (Pretoria, South Africa), D. Donnelly (Stellenbosch, South Africa) and S.L. Chown (Pretoria, South Africa)	1
Seasonal fluctuations in the mineral nitrogen content of an undrained wetland peat soil following differing rates of fertiliser nitrogen application F.W. Kirkham and R.J. Wilkins (Okehampton, Devon, UK)	11
Spatial analysis of grasshopper density and ecological disturbance on southern Idaho rangeland D.J. Fielding and M.A. Brusven (Moscow, ID, USA)	31
Limits to denitrification in two pasture soils in a temperate maritime climate P. Colbourn (Aberystwyth, UK)	49
Soil properties of termite mounds under different land uses in a Typic Kandiodult of southern Cameroon N.R. Hulugalle and J.N. Ndi (Yaounde, Cameroon)	69
Relationship between peanut yield and soil classification of Ultisols in southeastern Alabama J.F. Adams, B.F. Hajek, D.P. Davis and D.L. Hartzog (Auburn, AL, USA)	79
Book Reviews	
Earth Sciences	87
Alternative Agriculture	89

Vol. 43 No. 2

29 January 1993

Insecticide drift from ground-based, hydraulic spraying of peas and brussels sprouts: bioassays for determining buffer zones B.N.K. Davis, K.H. Lakhani, T.J. Yates, A.J. Frost and R.A. Plant (Huntingdon, UK)	93
Energy inputs and outputs for soft winter wheat production in Greece C.A. Tsatsarelis (Thessaloniki, Greece)	109
Accumulation of selenium in wild mustard irrigated with agricultural effluent G.S. Bañuelos, R. Mead (Fresno, CA, USA) and G.J. Hoffman (Lincoln, NE, USA)	119
Abundance of carabid beetles and other ground-dwelling arthropods in conventional versus low-input bean cropping systems Y. Fan, M. Liebman, E. Groden and A. Randall Alford (Orono, ME, USA)	127
The abundance of arthropods along two field margins with different types of vegetation composition: an experimental study J. Lagerlöf and H. Wallin (Uppsala, Sweden)	141
β -Glucosidase activity in soils amended with sewage sludge F. Eivazi (Jefferson City, MO, USA) and A. Zakaria (Selangor, Malaysia)	155
An evaluation of smallholder land use for cassava production in southern Nigeria G.J. Osemeobo (Garki Abuja, Nigeria)	163

Book Reviews

Plant Introductions.....	179
Soil Science.....	180
Announcement.....	183

Vol. 43 Nos. 3-4**February 1993**

Effects of the organophosphate azinphos-methyl on birds of potato fields and apple orchards in Quebec, Canada D.J. Graham (Quebec City, Que., Canada) and J.-L. Desgranges (Sainte-Foy, Que., Canada).....	183
Energetics of cattle in a rural Chinese village S. Odend'hal (Athens, GA, USA)	201
Intermediary agricultural energetics: a case study of solar energy linkage with Chinese working cattle S. Odend'hal (Athens, GA, USA)	217
Carbon dynamics and budgets in three upland double-cropping agro-ecosystems in Japan H. Koizumi, Y. Usami and M. Satoh (Tsukuba Science City, Ibaraki, Japan)	235
Effect of undersowing barley with annual ryegrasses or red clover on soil structure in a barley-soybean rotation M.R. Carter and H.T. Kunelius (Charlottetown, P.E.I., Canada).....	245
Performance of <i>Atriplex</i> species in the San Joaquin Valley, California, under irrigation and with mechanical harvests M. Carolyn Watson and J.W. O'Leary (Tucson, AZ, USA)	255
Development and economic evaluation of an IPM program for fresh market tomato production in Mexico J.T. Trumble (Riverside, CA, USA) and B. Alvarado-Rodriguez (Sinaloa, Mexico)	267
Effects of sulphur dioxide fumigation on growth and sulphur accumulation in wheat (<i>Triticum aestivum</i> cv. Wilgoyne (Ciano/Gallo)) under salinity stress B.L. Huang and F. Murray (Murdoch, W.A., Australia)	285
Effect of vegetation cover and land slope on runoff and soil losses from the watersheds of Burundi A.S. El-Hassanin, T.M. Labib and E.I. Gaber (Giza, Egypt).....	301
Grazing as a tool for rangeland management in semiarid regions: a case study in the north-western coastal zone of Egypt N. Van Duivenbooden (Wageningen, Netherlands)	309
VAM fungus spore populations and colonization of roots of maize and soybean under conventional and low-input sustainable agriculture D.D. Douds, Jr. (Philadelphia, PA, USA), R.R. Janke and S.E. Peters (Kutztown, PA, USA)	325
Short Communications	
Effect of selected insecticides on plant growth and mycorrhizal development in sorghum J. Veeraswamy, T. Padmavathi and K. Venkateswarlu (Anantapur, India)	337
Modelling the response of in-field water tables to ditch levels imposed for ecological aims: a theoretical analysis A.C. Armstrong (Trumpington, Cambridge, UK)	345

Views and Ideas

- Early-season populations of *Aphis gossypii* on cotton: 'to spray or not to spray': is not the only question
J.A. Rosenheim and L.R. Wilhoit (Davis, CA, USA) 353
